

Why choose FUJITSU Desktop ESPRIMO D?

New **space-saving design** with a volume of 8.3 L, flexible slot

Modern standby mode prepared to reduce energy consumption

Supports **USB-C** with a 60 W option for powering a display

Expandable and configurable for **special applications**

Make it perfect

Whatever job you have in mind for the ESPRIMO D, you can create a custom environment for your work space with Fujitsu. Add a display – flat or curved, whatever size is right. Pick your perfect keyboard and mouse. Make your ESPRIMO D your own – with workplace accessories designed for perfect interaction.

Curved

FUJITSU Display B34-UE: a high-resolution ultrawide curved display for wraparound viewing

Ultra HD

FUJITSU Display P27-8 TS: Ultra HD resolution, ultrawide viewing angle, ultraslim bezel – ideal for multi-monitor work spaces

The **Wireless Keyboard Set LX410** is an excellent desktop solution for users with plug-and-play technology. The elegant mouse with new, silent keys works on many surfaces due to its precise 1,600 dpi sensor.

Where ESPRIMO D made a difference

<p>Finance</p>  <p>→ Smooth sailing of complex business applications, security with cable cover</p>	<p>Special applications</p>  <p>→ Ideal PC for out-of-the-ordinary scenarios</p>
<p>Training/education</p>  <p>→ Create lessons with simulations</p>	<p>General office</p>  <p>→ Great performance to power through routine office tasks</p>

We care for the environment

The latest ESPRIMO D Series is engineered to minimize environmental impact and enable you to fulfill your own sustainability promise:

Energy saving

- With a highly efficient power supply (80Plus Platinum) and switched monitor outlet
- Supports modern standby

Halogen-free PCB

- For motherboard and power supply (Platinum)
- ESPRIMO D9XX only

Use of post-consumer recycled plastic

- Less plastic waste
- The plastic used in ESPRIMO D systems includes up to 66.8% post-consumer recycling content by plastic weight, where 22% are ITE-derived post-consumer recycled content

Material reduction

- Fewer cables needed: onboard LED/on/off switch, USB and audio connectors
- Smaller housing
