FUJITSU

FUJITSU Tablet LIFEBOOK U9310X

World's Lightest Convertible with a Pen

Weighing in at just over 1 kg and only 16.9 mm thin, the new FUJITSU Tablet LIFEBOOK U9310X is a 360° foldable, 2-in-1 providing ultimate flexibility. The durable magnesium housing in stylish black or red packs the latest 10th gen Intel® Core™ i7 processor for high power along with best-in-class connectivity.

The FUJITSU Ultra-Mobile Premium portfolio is designed for business professionals seeking optimum mobility when on the road.

A robust magnesium casing houses the 10th generation Intel® Core™ i7 processor, while FHD anti-glare displays ensure ergonomic working wherever you are. Integrated PalmSecure™ or fingerprint sensor protect your data at all times and once back in the office, your device can be quickly and easily connected via a USB port replicator and used within seconds through MS Modern Standby.

Whichever you choose, each Notebook or Tablet offers you:

- Convenient mobility
- Superior security
- Slim and light form factor
- Excellent connectivity
- All-day battery life

360° Foldable

The attractive, ultra-slim casing in red or black can be easily folded through 360° to enable an uncompromising viewing experience on the 13.3-inch FHD (1920 x 1080) display as well as the best use of the optional 5MP rear camera. Indoors and out and about.

Maximum Protection with PalmSecure™

While a Kensington lock physically secures your FUJITSU Tablet, the sensitive enterprise data inside is safe from unauthorized access thanks to industry-leading PalmSecure™ authentication technology, a SmartCard reader, TPM 2.0, MS Modern Standby and a full HD InfraRed camera with Windows Hello support.

10th Gen Intel® Core™ i7
processors: Designed
for what's coming next.

Best-in-class Connectivity

All the interfaces on the FUJITSU Tablet LIFEBOOK U9310X are full size, removing the need to pack adapters on your business trips. Alongside HDMI, this hyper-connected convertible features a LAN connector and USB Type-C port replicator with Intel® Thunderbolt™ 3 as well as embedded WLAN, Bluetooth and optional Global LTE/4G (Cat 6).

Pen with Wacom AES Technology™

One quick flip and the Tablet display allows both touch and pen input. With the latter, the cordless Wacom™ active electrostatic (AES) pen supports 4,096 pressure levels and is automatically recharged when replaced in its integrated garage. In Notebook mode, data entry is facilitated by the backlit keyboard, incorporating a multi-gesture touchpad with mouse functionality.
