Car / Truck / Air Adapter

People who are often on business or private trips want to power up and recharge their handhelds, tablet PCs and notebooks anywhere and anytime.

Fujitsu's goal is to anticipate our customers' wishes and therefore we offer the Car / truck / air adapter for use in cars, lorries, boats, caravans and airplanes. This power adapter fulfills two basic functions: charging and powering of the device through transformation of the on-board voltage (11 - 32 V) and on the other hand protection of the connected device against interference - for more power on the move.
