

Data Sheet

FUJITSU Accessory MiniSaver Mobile Lock Security Theft Protection

High Security goes ultra-flat

The MiniSaver Mobile Lock enables you to lock even the smallest devices with heights of 12mm and below. This conceptional, new approach of steel cable locks follows the trend of ever smaller devices. A quick lock button supports instant locking of your devices without any hassle. Being backwards compatible to the existing Kensington slot, the MiniSaver Mobile Lock can be connected to all systems.

Features

- Cut-resistant cable with an engineered carbon steel and protective plastic sheath
- The industrial standard for ultrabook and tablet security
- Very easy to install with simple push-button action
- Patented Cleat(TM) locking technology, creating a strong connection between shell and lock
- Backward compatibility

Reliability

- Theft protection for valuable mobile PCs, tablets, displays, etc.
- Sleek, convenient MiniSaver design
- For ultra-flat devices

MiniSaver Mobile Lock
