Data Sheet
FUJITSU Accessory PalmSecure OEM Sensor Security Access Protection

Secure access to build upon

The Fujitsu PalmSecure OEM Sensor captures an individual’s palm image with a near-infrared light for highly secure logins. The sensor cube is designed specifically for integration in other products and solutions. It provides the opportunity to build custom secure access equipment based on Fujitsu PalmSecure technology.

Security
- Highly secure biometric solution through palm vein authentication. It provides a powerful combination of strong biometric authentication for log-in security, access management and data protection for enterprise environments.

Usability and Ergonomics
- PalmSecure is effortless to use. Simply hold the palm over the small infrared scanner and within a second the identity is verified. PalmSecure is completely hygienic because the system is contactless.

Designed for OEMs
- Provides an off the shelf biometric identification solution for original equipment manufacturers (OEMs) to integrate into their access systems.
PalMSecure OEM Sensor

Technical specifications

Max. operable length of USB cable: 4 m (no USB cable included!)
Lighting environment for authentication:
Natural light (sunlight): below 3.000 lux
Fluorescent light: below 3.000 lux
Incandescent / Halogen lamps: below 700 lux
Lighting environment for enrollment:
Natural light (sunlight): below 2.000 lux
Fluorescent light: below 2.000 lux
Incandescent / Halogen lamps: below 500 lux
Encryption scheme: AES 128 bit
Authentication rate: FRR: 0.01% (1 Retry), FAR: below 0.00008%
When verifying 1 to 1 under ISO/IEC 19795
MTBF: 1,000,000 hours
Capturing distance: 40 to 60 mm
Power supply: 4.4 to 5.4 V
Power consumption: 2.5W max. provided by USB Interface cable
Current consumption: 500 mA max. / power saving mode: 45 mA max.

Required interface

Recommended connector at the Sensor side: ACON brand: MNC12–5K5210 or equivalent

Notes

USB mini-B plug (with 5 pins)

Required interface

Recommended connector at the Sensor side: ACON brand: MNC12–5K5210 or equivalent

Supported operating systems

Windows 10
Windows 8
Windows 7

Compliance

Europe
CE

More information

Fujitsu products, solutions & services
In addition to FUJITSU Accessory PalmSecure OEM Sensor, Fujitsu provides a range of platform solutions. They combine reliable Fujitsu products with the best in services, know-how and worldwide partnerships.

Fujitsu Portfolio
Build on industry standards, Fujitsu offers a full portfolio of IT hardware and software products, services, solutions and cloud offering, ranging from clients to datacenter solutions and includes the broad stack of Business Solutions, as well as the full stack of cloud offering. This allows customers to leverage from alternative sourcing and delivery models to increase their business agility and to improve their IT operation’s reliability.
