## Fujitsu Desktop ESPRIMO P5010

Flexible and economic desktop PC for standard office applications

The FUJITSU ESPRIMO P5010 Desktop PC provides high-quality computing for your everyday office tasks. Security functions such as SmartCard reader (optional), the EraseDisk feature and cable cover help secure your valuable business data as well as hardware components. An easily configurable PC to meet your specific hardware needs as well as customize it to satisfy even more complex project requirements.

High performance and best price/performance ratio

Ensures smooth performance for standard office applications

- Latest 10th generation Intel® Core™ processor family
- Higher memory speed, higher clock frequency, improved integrated graphics

Manageability and Ease of Use

“Plug & work” PC that ensures smooth system administration

- Easy to integrate into existing IT landscapes and reliable DeskView manageability tools

Robust Security

Designed to protect data and hardware components against manipulation and theft

- Cable cover with lock option at the back to protect ports, cables and components from theft.
- Embedded Trusted Platform Module (TPM), passwords and EraseDisk software on system-level. SmartCard reader available as option

Best energy efficiency coupled with performance

Low power consumption combined with highest levels of performance

- A monitor outlet switch for PLATINUM power supply

Made in Europe

Outstanding quality and stable functions based on European production standards

- The development, production and functionality tests - all under one roof in Europe
