It's all yours

FUJITSU Storage ETERNUS DX S4 is STORAGE UNCHAINED

FUJITSU Storage ETERNUS DX S4 powered by Intel® Xeon® processor transforms your storage into an enabler for business growth, continuity and efficiency:

GROWTH

Act to exceed, with superior performance and granular scalability

CONTINUITY

Be always protected & secure, with always-on business

EFFICIENCY

Profit from intelligent automation with dedup & compression

"We can scale up by a factor of three with only small additional investment, which prepares us for rapid growth over the next five years."

Marcin Koczkodaj
IT Infrastructure Manager,
ABC Data

"The transparent failover solution was the main factor in our decision to work with Fujitsu. It would enable our services to continue running uninterrupted in the event of an error."

Markus Handschuh
Head of IT System Operations,
REWE Dortmund

"It balances cost and performance with automated storage tiering, we can have high performing applications running on the SSD tier and systems that don't need such high performance, such as archiving, on slower drives."

David James
Head of IT Infrastructure, Stiftung
Hospital zum Heiligen Geist
