About FabricPool Licenses

Fujitsu would like to thank you for purchasing FabricPool.
The following operations are required prior to the use of FabricPool.

- Ordering a license
- Registering a license

Ordering a License

Order a license to enable FabricPool.
To order a license, the following items are required for each license. Order these licenses after a system configuration is completed.
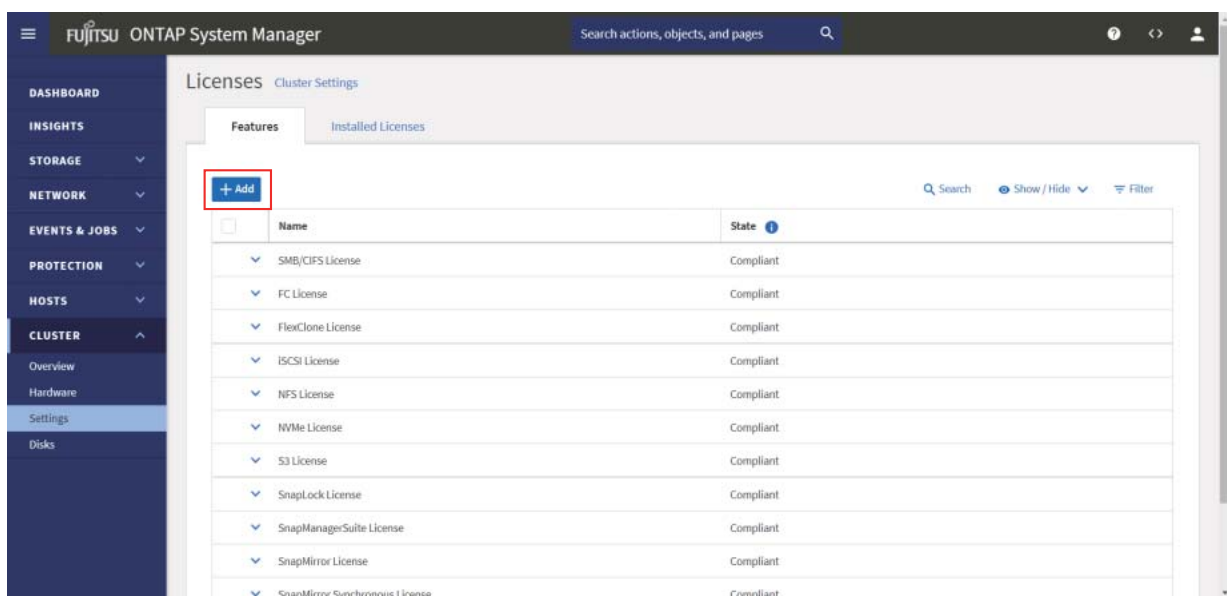

- When ordering an initial installation license
  The Cluster UUID and System Serial Number of the storage system that uses FabricPool
- When ordering a capacity expansion license and period extension license
  - The Cluster UUID and System Serial Number of the storage system that uses FabricPool
  - The serial number of FabricPool

Registering a License

Register the license via ONTAP System Manager.

Procedure ▶ ▶ ▶ ────────────

1   Log in to ONTAP System Manager and select the "Configuration" tab.

2   Navigate to the "Licenses" page under "CLUSTER".

3   Click "+Add" from the menu.

FUJITSU

4 Select the downloaded license file and click "Add".

ONTAP 9.8

ONTAP 9.9.1 or later
