<ul style="list-style-type: none"> <li>• Mini PC with 0.87 L volume</li> <li>• Low energy and mechanical footprint</li> <li>• Supports workplace scenarios with a single Type-C cable and a superior standard IO feature set</li> <li>• VESA mount for attaching PC to display, stand or wall enabling</li> <li>• Flexible graphics connector options: VGA, DVI-D, HDMI, Type-C</li> <li>• Easy to set up a small footprint working desk</li> <li>• Ideal with All-in-One Display P2410</li> </ul>	<ul style="list-style-type: none"> <li>• Up-to-date computing power for SFF format PC</li> <li>• Good connectivity with many interfaces in front for easy access</li> <li>• Traditional and reliable form factor for long lasting PC usage</li> </ul>	<ul style="list-style-type: none"> <li>• Microtower for professional computing needs</li> <li>• „Plug &amp; work“ ensures smooth system administration</li> <li>• Low power consumption combined with highest level of performance</li> <li>• Robust security features</li> <li>• Outstanding quality and stable functions based on European production standards</li> <li>• Working horse for everyday office tasks</li> <li>• Ideal with All-in-One Display P2410</li> </ul>	<ul style="list-style-type: none"> <li>• Mini PC with 0.87 L volume</li> <li>• Supreme performance with AMD Ryzen™ PRO processors and dash manageability</li> <li>• Concept with different heights allows ODD and upgrade options like power supply and PCIe slot (planned)</li> <li>• Perfect fit for modern offices, shared workplaces or working from home</li> <li>• Made in Europe with best energy efficiency</li> </ul>	<ul style="list-style-type: none"> <li>• Small Form Factor with volume of only 8.3 L</li> <li>• Up-to-date computing power for SFF format PC</li> <li>• Housing with microtower-like expandability</li> <li>• Type-C option supporting 60 Watt output power to run a display w/o extra power supply</li> <li>• Excellent synergy between ESPRIMO D7012 and ESPRIMO P7012 motherboard and power supply concept</li> <li>• High security with integrated options</li> <li>• Scale Intel manageability functions like Intel Base Core, vPro® Essentials or vPro® Enterprise</li> </ul>	<ul style="list-style-type: none"> <li>• Microtower for advanced computing needs</li> <li>• Ultimate expandability for advanced needs</li> <li>• Flexible graphics connector options: VGA, DVI-D, HDMI, Type-C</li> <li>• Type-C option supporting 60 Watt output power to run a display w/o extra power supply</li> <li>• Powerful security features</li> <li>• Enhanced hard- and software manageability functions</li> <li>• Scale Intel manageability functions like Intel Base Core, vPro® Essentials or vPro® Enterprise</li> </ul>	<ul style="list-style-type: none"> <li>• Mini PC with ultra compact design</li> <li>• Concept with different heights allows ODD and upgrade options like power supply and PCIe slot</li> <li>• CELSIUS edition application offers a rich performance with graphic card and 24/7 support</li> <li>• Ideal device to use for home office scenarios due to its mobility and one cable solution</li> <li>• Best in ergonomic by low noise and VESA integration</li> <li>• Modern Standby mode prepared to reduce energy consumption</li> <li>• Scale Intel manageability functions like Intel vPro® Essentials or vPro® Enterprise</li> <li>• Ideal with All-in-One Display P2410</li> </ul>	<ul style="list-style-type: none"> <li>• Small Form Factor with volume of only 8.3 L</li> <li>• Amazing computing power; configuring option with 2 NVMe SSD's even in raid</li> <li>• Housing with microtower-like expandability, high performance Gfx-card in CELSIUS edition</li> <li>• USB Type-C support of 60 W (optional to power a display)</li> <li>• Option to add a full height PCIe card</li> <li>• High security with integrated options</li> <li>• Scale Intel manageability functions like Intel vPro® Essentials or vPro® Enterprise</li> </ul>	<ul style="list-style-type: none"> <li>• Microtower for complex high-end computing needs</li> <li>• Amazing computing power; configuring option with 2 NVMe SSD's even in raid</li> <li>• Ultimate expandability for advanced needs</li> <li>• Type-C option supporting 60 Watt output power to run a display w/o extra power supply</li> <li>• Modern Standby mode prepared to reduce energy consumption</li> <li>• Enhanced manageability and software manageability functions</li> <li>• Scale Intel manageability functions like Intel vPro® Essentials or vPro® Enterprise</li> </ul>

### Ideal solution for Mini PC

Fujitsu AIO Display P2410

- 23.8" display as base for All-in-One (AIO) usage for ESPRIMO Mini PC
- For modern desk e.g., video conferences or secure usage scenario like at school or university
- Including webcam with shutter, speaker, cable cover, Kensington lock, 2nd display via Daisy Chain, ODD option

### Reliability - quality and investment protection

- Made in Europe
- End-to-end concept
- Sophisticated technology

### Green - harmonize the environment and business

- Lowest energy consumption
- Sustainable recycling
- High energy efficient power supplies

### Human-centric - perfect in form and functional design

- Best-in-class noise emission
- Tailor-made systems

Fujitsu recommends Windows 11 Pro.
