

Fujitsu recommends Windows 11 Pro.

Computing for the Modern Office

FUJITSU Desktop ESPRIMO

ALL-ROUND Standard Applications

ADVANCED Complex Applications

SUPERIOR High Performance, Manageable Computing

ESPRIMO K5010/24

- Elegant All-in-One PC
- Power supply with high energy efficiency
- 60.5 cm (23.8-inch) anti-glare, stylish three side frameless display, wide viewing angles
- Mechanical webcam shutter for additional security
- Powerful sound option for multimedia applications
- Reliable DeskView manageability
- Height adjustable display for ergonomic work

ESPRIMO G5011

- Mini PC with 0.9L volume
- Low energy and mechanical footprint
- Supports new workplace scenarios with a single Type-C connection
- VESA mount for attaching the PC to displays, stands or walls enabling multiple usage scenarios
- Easy to set up a working desk in minutes at a location of choice

ESPRIMO P5011

- Microtower PC for professional computing needs
- "Plug & work" PC that ensures smooth system administration
- Low power consumption combined with highest levels of performance
- Powerful security features
- Outstanding quality and stable functions based on European production standards

ESPRIMO Q7010

- Mini PC with a volume of 2L
- Excellent connectivity due to multiple options of connection ports
- Zero noise PC
- Integrated power supply with high energy efficiency
- VESA mount for attaching the PC to displays, stands or walls
- Ideal for embedded usage like PoS systems and optional Windows 10 IoT operating system for special applications

ESPRIMO D7011

- Small Form Factor PC with volume of only 8.3L
- Up-to-date computing power for SFF format PC
- Housing with ultimate expandability
- Flexible graphics connector options: VGA, DVI-D, HDMI, Type-C
- Type-C option supporting 60 Watt output power to run a display w/o extra power supply
- High security with integrated options

ESPRIMO P7011

- Micro tower PC for advanced computing needs
- Ultimate expandability for advanced needs
- Flexible graphics connector options: VGA, DVI-D, HDMI, Type-C
- Type-C option supporting 60 Watt output power to run a display w/o extra power supply
- Powerful security features

ESPRIMO G9010

- World wide available Mini PC with 0.9L volume
- Outstanding performance volume ratio
- Intel vPro version for latest out of-band management features
- Supports new workplace scenarios with a single Type-C connection
- VESA mount for attaching the PC to displays, stands or walls
- Low noise mini PC providing an ergonomic working environment
- Modern Standby mode prepared to reduce energy consumption

ESPRIMO D9011

- Small Form Factor PC with volume of only 8.3L
- Amazing computing power; configuring option with 2 NVMe SSD's
- Housing with ultimate expandability
- USB Type C support of 60W (optional to power a display)
- Option to add a full height PCIe card
- High security with integrated options
- 80Plus GOLD and 80Plus PLATINUM power supply efficiency

ESPRIMO P9011, P9910

- Microtower PC for complex high-end computing needs
- Type C option supporting 60 Watt output power to run a display w/o extra power supply
- Ultimate expandability for advanced needs
- Stable Intel® vPro™ technology platform
- Modern Standby mode prepared to reduce energy consumption
- High performant Gfx cards P9910
- Amazing computing power, configuration option with 2 NVMe SSD's
- Ideal platform to run entry level VR P9910

Reliability - quality and investment protection

- Made in Europe
- End-to-end concept
- Sophisticated technology

Green - harmonize the environment and business

- Lowest energy consumption
- Sustainable recycling
- High energy efficient power supplies

Human-centric - perfect in form and functional design

- Best-in-class noise emission
- Tailor-made systems

Do you need even more expandability and performance?
