A photograph of three people (two men and one woman) standing in a server room. They are looking at a large wall of server racks that are illuminated with a grid of glowing lights. The scene is bathed in a red light, and the floor is highly reflective.

Human Centric Innovation

*Driving Digital Transformation*

# Agenda

- Customer Challenges
- Describe the Service Offering
- Next Step, Call to Action

# FUJITSU Service BS2000

## Customer Challenges

- Integration of the BS2000 systems into a data center-wide monitoring
  - Recognizing the possibilities of monitoring BS2000 systems via SNMP
  - Planning scenarios for optimal use
  - Installation and configuration of the corresponding integration components for monitoring the BS2000 systems
  - Connection to a common management system
